Dear Grace United Church

How are you there with your family in USA? Back to Messia and the entire family are all fine and in good health. Our family and Messia pray that may the bond between you and her be strengthened by almighty God. You are indeed a blessing to be part of Messia's family. Our family stays in Mumbwa district west of Lusaka our capital city of Zambia. We are peasant farmers who grow rainfed crops maize is our staple food crop here in Zambia and English is our official language. We thank you and Child Fund Zambia for the development which is taking place in our community. Child Fund Zambia has renovated Mukupi Basic School and which was handed over to the community on 29<sup>th</sup> September 2010. Also we have pre-school that are being run by Mumbwa Child Development Agency. Mosquito nets were bought and distributed to all enrolled children within our community. The maternity ward was built at Myoye rural health centre to help pregnant mothers. All these development programs are there because of your sponsorship. We thank you and Child Fund Zambia. Finally we greet you all. more in the next mail

Yours Sincerely

Morden Hasulwe.
