15th March 2010

Dear Mr Dan Lundquist & Grace united church

How are you there in the U.S.A? Back to us here in
Gambia we are all fine and health with your child.
Your child is grown up and she is in good health
who likes helping the family with house holds^{chores}. She
also likes playing with friends when coming back
from school. We are now in rain season here in
Gambia this time people are very busy weeding their
fields. This year the family of your child have grown
Cotton, maize and groundnuts although is not enough
for their consumption in the family. The vegetation is
green and nice.

Thank you very much for having this chance
and we are looking forward to hear from you. Finally
receive our warm and tender greeting from messia and
family. wishing to hear from you God bless

Yours Sincerely

Messia Hasulwe
