Rev. Daniel Lundquist
Grace United Church of Christ
18 Court Street
Flemington, NJ 08822

Dear Rev. Lundquist,

We are very grateful to Grace United Church of Christ for the generous donation of \$500.00 as a partner with Raritan Valley Habitat for Humanity (RVHFH) in building a Habitat house in Bridgewater Township in 2009-2010.

We hope you have seen in the newspaper the exciting coverage of the public launch of our Bridgewater project. We are working to have three of the nine homes enclosed before winter. The construction of the remaining six homes will be staged throughout 2010 with completion of the entire project in the spring of 2011. All nine partner families are working hand in hand with the volunteers on their home construction and with the family support committee on their financial preparation for home ownership. Our focus is not just on the houses, it is also on the many more families we are able to serve because of generous donors like you.

Once again, we thank you for your support, your commitment to your community, and your concern for those in need of affordable housing. Let us continue to work together to extend the shelter of God's love to all people in need of a simple, decent home.

In Partnership,

A handwritten signature in blue ink that reads "Lois Peterson".
